

Tax Practitioner Guidelines for Computer Prepared Returns

Introduction

The Franchise Tax Board (FTB) has established these guidelines for tax practitioners who use personal computers (or service bureaus) to computer prepare their clients':

- Form 540, California Resident Income Tax Return;
- Form 540A, California Resident Income Tax Return;
- Form 540EZ, California Resident Income Tax Return For Single and Joint Filers With No Dependents;
- Form 540NR, California Nonresident or Part-Year Resident Income Tax Return; and/or
- Form 540X, Amended Individual Income Tax Return.

Note: Beginning with tax year 1996, Form 540-ADS, California Automated Data Sheet is obsolete.

This publication also provides information and guidelines on how to file your clients' business entity returns (Forms 100, 100S, 541, 565 and 568), including how to file Schedule K-1s (100S, 541, 565 and 568). In addition, it includes information about FTB's Electronic Filing Program.

If you manually prepare your clients' returns, you **must** use the official form as printed and distributed by FTB.

By following these guidelines you will help reduce delays in processing and get your clients' refunds to them faster.

As a tax practitioner you do not need approval by FTB to computer prepare your clients' returns. However, make sure that the tax software or service bureau you use produces FTB-approved forms. Ask your software provider for a copy of its FTB approval letter for the form(s) you are interested in.

To ensure that you receive software updates and other information necessary to produce FTB-approved form(s), register with your software provider, as necessary, upon receiving the product.

FTB has separate guidelines for tax practitioners who want to participate in FTB's Electronic Filing Program (ELF). Call the ELF Help Desk at (916) 845-0353 to get FTB Pub. 1345, Electronic Filing Handbook, File Specifications and Record Layouts for State of California Individual Income Tax Returns.

General Information About Scannable Forms 540 and 540A

FTB will use its Image Assisted Data Capture (IADC) system to process 1996 Forms 540 and 540A. Returns showing a refund due (or no amount due) will be "scanned" to "lift" information from the return, rather than having the information entered by key data operators.

The computer prepared Forms 540 and 540A you print **must** have the scannable graphic patch located in the center top margin of Side 1. The patch identifies Side 1 of a taxpayer's return as it enters the IADC system.

Forms 540 and 540A **must** have a scannable band area that **must** contain the taxpayer's tax data. On Form 540, the "scanband" directly follows the "Step 1 Name and Address" area. On Form 540A, the scanband is at the bottom of Side 1. The two-digit field numbers in the scanband area correspond to the line numbers in the conventional areas of Forms 540 and 540A. Even though the tax data will print in the scanband and the conventional area of the form, only the tax data in the scanband will be "lifted." Monetary amounts in the scanband **must** be whole dollars only without decimal points or other punctuation. The rest of the scannable form is exactly like the official form.

Exception: Line 12a will print as Line 12 in the scanband on scannable Form 540A.

In addition to data capturing the tax practitioner's ID number (social security number (SSN) or federal employer identification number (FEIN)) on electronically filed returns, FTB will now data capture this number on all imaged returns.

A graphic of these forms is shown on page 6.

What is Needed to Computer Prepare Forms 540, 540A, 540NR, 540EZ, and/or 540X

Tax practitioners may produce the above returns using:

- The software that produces FTB-approved forms;
- The personal computer hardware required by the software to produce FTB-approved forms (i.e., font cartridges, etc);
- The software user's manual that includes instructions for correctly producing FTB-approved forms; and
- The FTB-approved overlay, if needed. See the explanation of the correct use of overlays on page 3.

Please read your software provider's user manual to make sure you have the necessary hardware and printer fonts to correctly produce FTB-approved form(s).

All printing must be:

- Laser, ink jet, daisy wheel or letter quality dot matrix;
- Courier, standard OCR-A font or standard print font (no bold font);
- 10 pitch (pica spacing);
- Original printed output (no corrections); and
- On one side of the paper (no duplexing).

Guidelines on How to Enter Taxpayer Entity Information on Computer Prepared Forms 540, 540A, 540EZ, 540NR, and/or 540X (Step 1 Name and Address area)

Taxpayer entity information is arranged in fixed positions with defined field lengths. Each field is dedicated to hold specific information such as:

- Spouse name;
- Executor/guardian name;
- Apartment and apartment number (or letter); and
- Deceased date of taxpayer or taxpayer's spouse, if any.

It is critical that you enter the taxpayer entity information correctly. This will help FTB to accurately process your clients' returns, and help ensure that your clients' refund checks are printed with the correct name(s) and address. Your clients' entity information should print like the examples shown under "Taxpayer Entity Information Examples" on page 2.

Two Asterisks (**) in the Entity

Two asterisks (**) in the taxpayer entity area indicate to FTB that taxpayer information is **UNCHANGED** from last year. Print two asterisks **ONLY** if the taxpayer (and taxpayer's spouse, if any):

- Filed a California Form 540, 540A, 540-ADS, 540EZ or 540NR return last year;
- Did **not** change the address from the one shown on last year's return;
- Has the same social security number (SSN) as last year;
- Has the same filing status as last year; and
- Is not deceased.

Otherwise, **do not** print the asterisks.

Taxpayer Name and Address Entry Instructions

Use these instructions when you enter your clients' name and address information. It will help reduce FTB processing time and help ensure that your clients' refunds are mailed to the correct name(s) and address.

- Alpha characters must be in upper case.
- Use no punctuation or symbols. **Note:** If a fraction is part of the street address, enter a forward facing slash (/). **Note:** This is the **only** symbol that may be used in the taxpayer address area.
- Do not use commas or periods to separate information.
- **Never** space or use punctuation in the taxpayer's name control field. (The name control is the first four letters of the taxpayer's last name. The name control follows the taxpayer's SSN.)

Example:	McPeak	Enter:	MCPE
	O'Toole	Enter:	OTOO
	De Martino	Enter:	DEMA
	Lee	Enter:	LEEE
	Lee-Smith	Enter:	LEES

- Do not include titles or ranks such as: DR, MD, ENSIGN, SGT, etc.
- Use Roman numerals (alpha characters) for numeric suffixes.
- Never space within the name field(s) except for JR, SR, II, etc.
Example of first name: Jo Anne Enter as: JOANNE
Example of last name: Von Wodtke Enter as: VONWODTKE
Example of last name: Lee-Smith Enter as: LEESMITH
- The SSN must be eleven digits (includes "-"). Enter "000-00-0000" in the SSN field if an individual has applied for or does not have an SSN.
- Use the standard abbreviations listed to the right for the suffix of the street name.
- **Do not** enter apartment and apartment number/letter in the street address field. Enter in the designated "apartment" and "apartment number" fields. These fields are on the same line as the street address field.
Note: Enter APT, BLDG, SP, STE, RM, FL, NO and UN in the "apartment" field.
For correct placement of APT, NO, etc., see taxpayer entity information examples shown below for IMA REFUND or JACOB H HARLEY and CHRISTINE S BLAKE.
- **Do not** precede the apartment number with a pound sign (#).
- Additional address field is a supplemental field that may be used for only:
 - "In care of" name;
 - Additional address information.
- Military "APO" or "FPO" addresses:
 - Enter "APO" or "FPO" in the first three positions of the city field;
 - **Do not** enter the name of the city for "APO" and "FPO" addresses;
 - Enter the two-digit state code in the state field:

City Field	State Code	Zip Code Range
APO	AA	34000-34099
APO	AE	09000-09999
FPO	AP	96200-96699 and 98700-98799
- In the state field, use the standard two-digit abbreviation for the state or United States possessions listed to the right.
- If the address is a foreign address, enter the country name beginning in the state field.
- Zip code may be ten digits (including "-").
- If after applying these guidelines the information exceeds the field length, truncate the information from the right.

Taxpayer Entity Information Examples:

111-11-1111 JAMIE	MISS ** L MISSION	96	111-11-1111 JACOB CHRISTINE	HARL ** 222-22-2222 H HARLEY S BLAKE	96

Miscellaneous Information

The Correct Use of Overlays

If you use a dot matrix printer, your software provider's product may require the use of an overlay. If you must use an overlay to produce FTB-approved form(s), it is critical that you use the overlay correctly. Misuse may delay your client's refund. Please use the following guidelines when you use an overlay:

- Make sure the glass on the photocopier you use is free from any obstructions. (e.g., smudges, smears and dust).
- Make sure the overlay you use is also free from any obstructions.
- Use the grid marks (small box(es) or other distinguishing symbol) to ensure correct placement of your clients' entity information and scan-band data. **Note:** The location of the grid marks may differ on each software provider's product.
- Upon completion, make sure that your clients' return is clear and straight on the paper. If not, make another copy.

What are Keying Symbols?

Keying symbols are shown on all computer prepared returns, including the conventional parts of scannable forms. They will print to the left of specific tax data line numbers. These symbols guide FTB's key data operators to enter correct tax return information into FTB's automated files. These symbols reduce the time it takes to enter tax return information.

Exact placement, shape and size of keying symbols are shown in the example below. (The example below shows a 1996 Form 540NR. These same symbols are being used for all 1996 personal income tax returns.)

Before you give your clients' their return to file, please verify that these symbols are present. This will help ensure the return is processed correctly. If the keying symbols are not present, please read your user's manual and make sure you have the minimum hardware and printer fonts necessary to print FTB-approved form(s). **Note:** In most cases if you download the soft fonts before printing your clients' returns, the keying symbols will print correctly. If you cannot determine why the keying symbols do not print correctly, contact your software provider's technical support staff. They will be able to help you determine the correct action to take.

amount (\$25 max)	▶ 66	_____	00

Facsimile (text mode) Forms

For filing purposes, FTB does not accept dot matrix facsimile signature returns (scannable Form 540, scannable Form 540A, Form 540EZ, Form 540NR, Form 540X, Form 100, Form 100S, Form 100X, Form 109, Form 199, Form 541, Form 565, Form 568, FTB 3805P, FTB 9000, FTB 9000R, Schedule K-1's (100S, 541, 565, 568), Schedule P (100, 540, 540NR, 541) and Schedule R) because they do not contain the required graphics necessary for processing. The use of an overlay is required.

If your software provider's product does not offer the option to use an overlay, the following message will print on the return: **"DO NOT FILE THIS FORM."** In this case, you must transfer all information to an official form.

Prior Year and Amended Returns

Do not use 1996 software to file a prior year return.

Amend personal income tax Forms 540, 540A, 540-ADS, 540EZ and 540NR by completing Form 540X, Amended Individual Income Tax Return.

Note: When amending Form 540NR you must also attach a revised Form 540NR to Form 540X.

Amend corporate income tax Forms 100 and 100S by completing Form 100X, Amended Corporation Franchise or Income Tax Return.

Federal Form 1040PC

FTB accepts federal Form 1040PC as a federal tax return when one is required to be attached to the California return.

Form FTB 3595, Special Handling Required

If your clients' Form 540, 540A, 540EZ, 540NR or 541 includes any of the special circumstances listed below, check the appropriate item(s) and staple form FTB 3595 to the front of Side 1 in the upper left hand corner.

- Taxable year ending other than December 31;
- Farmer or Fisherman;
- Form FTB 5805 attached;
- Deceased taxpayer or spouse;
- Substitute withholding statement included;
- Taxpayer could be claimed as a dependent on another return;
- Taxpayer out of country on original due date of return;
- Desert Storm/Restore Hope (Somalia/Bosnia);
- Withheld at source;
- Disaster;
- 540X filed in response to notice of proposed assessment; and
- 541-T attached.

Note: If your clients are required to attach special handling forms FTB 5805, Underpayment of Estimated Tax by Individuals and Fiduciaries or FTB 5805F, Underpayment of Estimated Tax by Farmers and Fishermen, staple the form(s) to the front of Side 1 in the upper-left hand corner.

Additional Credits

Field numbers 28, 29 and 30 in the scanband on Forms 540 and 540A are where your client's additional credit amounts, if any, will print. The additional credit amount **must** be preceded by the appropriate three-digit numeric code.

Additional Credit Examples

Dependent Parent Credit (code 173) of \$20 in field number 28. The scanband on Forms 540 and 540A will look like this:

28 17320

For more information refer to "Additional Credit Lines 28, 29, and 30" on page 7.

California Election Fund Campaign (CEFC)

Field numbers 57 and 58 in the scanband on Forms 540 and 540A are where your client's CEFC, if any, will print. The CEFC amount **must** be preceded by the appropriate two-digit numeric code.

California Election Fund Campaign Political Party Names, Acronyms and Codes

As of January 1, 1996, California has eight qualified political parties. They are:

<u>Political Party</u>	<u>Acronym</u>	<u>Code</u>
American Independent	AIP	11
Democratic	DEM	22
Green	GRN	60
Libertarian	LIB	33
Natural Law	NL	99
Peace and Freedom	P&F	44
Reform	RFM	88
Republican	REP	55

California Election Fund Campaign Examples

Taxpayer contributes \$25 to the Democratic party (code 22) and spouse contributes \$5 to the Republican party (code 55). The scanband on Forms 540 and 540A will look like this:

57 2225
58 555

For more information refer to "California Election Campaign Fund Lines 57 and 58" on page 7.

Filing Electronically With the FTB

Reminder

For tax year 1996, tax professionals can now file refund and balance due state personal income tax returns electronically through the California Electronic Filing Program (ELF). Interested tax professionals must meet the following guidelines in order to participate. The prospective participant must: 1) already be participating in the Internal Revenue Service (IRS) Electronic Filing Program; 2) pass a suitability test similar to the IRS; and 3) comply with all the rules and procedures set forth by the FTB.

If you have questions regarding FTB's ELF Program, please call the ELF Help Desk at (916) 845-0353. ELF staff are available Monday through Friday from 8:00 a.m. to 5:00 p.m., Pacific time.

Filing of Business Entity Returns (Forms 100, 100S, 541, 565 and 568)

To help ensure the accurate and timely processing of your clients' business entity returns that require a Schedule K-1 (100S, 541, 565 or 568), use software that produces FTB-approved schedules. Make sure the substitute forms you use meet FTB's requirements. Specifically, Schedule K-1s (565) filed with incomplete information may cause FTB to contact the partnership for more information or to return the Schedule K-1s to the partnership. Either of these circumstances may subject the partnership to penalties.

Reminder, do not file:

- Data on microfiche;
- Federal schedules;
- Data base print out information; or
- Abbreviated schedules.

Compliance with Partnership Filing Requirements

Please verify the following information on your clients' partnership return. As stated above, this will help to ensure accurate and timely processing.

- Schedule K-1 (565) has been attached for each partner identified on Form 565, Side 1, Question J.
- The Schedule K-1 (565) contains the partner's correct name, address and identifying number.
- Question A through Question I are completed on Side 1 of Schedule K-1 (565).
- The appropriate entity type box (Schedule K-1 (565), Question C) is checked for each partner.
- The attached Schedule K-1s reconcile to the Form 565, Schedule K.
- The partner's percentage (Schedule K-1 (565), Question E) includes decimals (i.e., 33.5). Do not print fractions.
- Substitute computer generated Schedule K-1s must be approved by the FTB.

Note: When you use a computer software product, please read the software provider's user manual to make sure you have the necessary hardware and printer fonts to produce FTB-approved forms. To ease processing, all printing must be courier, standard OCR-A font or standard print font with a minimum 10 pitch (pica spacing).

Substitute Schedule K-1 (565) Filing Requirements

As a professional preparer, you may choose to develop your clients' Schedule K-1 (565) in either a paper or electronic format. You must follow the same substitute forms review and approval requirements used by tax software developers, transfer agents and others who develop substitute Schedule K-1 (565) in a paper or electronic format.

- If you choose to develop substitute Schedule K-1 (565) in the paper format, you must complete and return to FTB, form FTB 1096, Agreement to Comply With FTB Pub. 1098. FTB Pub. 1098, Guidelines for the Development and Use of Substitute, Scannable and Reproduced Tax Forms includes the information you will need to develop an FTB-approved Schedule K-1 (565). It also contains the procedures for submitting your substitute Schedule K-1 (565) for review and approval. To get a copy of form FTB 1096 and FTB Pub. 1098, phone the Substitute Forms Program Administrator at (916) 845-3553.
- If you choose to develop substitute Schedule K-1 (565) in the electronic format (on diskette or magnetic tape), you must submit a test file to ensure process compatibility. To get FTB Pub. 1062, Guide for K-1 (565) Filing by Diskette or Magnetic Tape, phone the Substitute Forms Program Administrator at (916) 845-3553.
- Starting in early 1997, the FTB will implement an EDI (electronic data interchange) pilot using national standards. The EDI pilot will use a VAN (Value Added Network) called TaxConnect to collect, store and forward

the electronic K-1 data to FTB. For more information on Schedule K-1 EDI filing, phone the Substitute Forms Program Administrator at (916) 845-3553.

Note: Substitute Schedule K-1 (565) may be either a one-sided or two-sided format. The one-sided format requires only tax data lines (line 1 through line 22 and tables) that are applicable to the partner to print. The two-sided format will print all data lines. Both require approval from the FTB.

FTB's Tax Practitioner Services

The Tax Practitioner Hotline and Electronic Correspondence (formerly called Correspondence by Fax), are dedicated to helping CPAs, enrolled agents, attorneys and other tax practitioners with questions on tax law, forms, California reporting requirements and account resolution matters.

The Hotline is staffed year round, Monday through Friday, from 8:00 a.m. to 5:00 p.m., and from January 15, through April 15, from 7:00 a.m. to 8:00 p.m., Pacific time. The telephone number is (916) 858-0571. If you call, be ready to provide pertinent client information such as social security number, latest notice received or facts relating to the inquiry. Line agents can respond to questions on both personal income tax and bank and corporation tax law.

Electronic Correspondence can receive incoming correspondence 24 hours a day, seven days a week. The FAX number is (916) 845-6377. When you fax your transmission, be sure your cover sheet includes your business letterhead, FAX number and daytime telephone number. Generally, your correspondence will be answered in less than 5 working days. To help ensure a quick response, it is recommended that you keep your fax machines turned on at all times.

FTB Taxpayer Signature and Authentication Policy

FTB's policy is to ensure proper authentication of the information provided to us by taxpayers. The level of authentication needed on specific documents depends on several factors, including how FTB uses the information. To help you determine whether or not FTB will accept photocopies or facsimiles of a taxpayer's signature(s), FTB has categorized the level of signature authentication required into three groups. The category and its number (c1, c2, or c3) will print after the form number in the bottom margin on each form. The three categories are:

- | | |
|-----------------|---|
| Category 1 (c1) | Original authentication required; facsimiles acceptable only if original is subsequently provided. |
| Category 2 (c2) | Copy of signature is sufficient proof that original was signed; photocopy or facsimile is acceptable. |
| Category 3 (c3) | No authentication required. |

Where To Get Income Tax Forms

By Internet – If you have Internet access, you may download, view and print California income tax forms and publications. Our Internet address is: <http://www.ftb.ca.gov>

Tax Practitioner Tips for Computer Preparing, Assembling, and Mailing Scannable Forms 540 and 540A

Form	Scannable Form 540	Scannable Form 540A
Monetary Amounts (Taxpayer's Tax Data)	Monetary amounts must print in the scanband and must be whole dollars without decimal points or other punctuation. Monetary amounts in the conventional part of the form must include decimal points or a vertical rule (penny line).	Same as Scannable Form 540.
Additional Credit Lines 28, 29, and 30	Name or acronym of the credit, code number, and amount will print on the applicable lines in the conventional part of the form. See example on page 4.	Additional credits may not be claimed on Form 540A.
California Election Campaign Fund Lines 57 and 58	Name or acronym of the political party and amount will print on the applicable lines in the conventional part of the form. See example on page 4.	Same as Scannable Form 540.
FTB-Supplied Label	Do not apply the FTB-supplied label to the return. FTB's IADC system captures only the information that the software prints on the return. It will not read the information on the FTB-supplied label.	Same as Scannable Form 540.
Making Corrections	Do not make corrections on the form. Do not modify the name, address, or tax data information. If there is an error, print a new return.	Same as Scannable Form 540.
Submit Original Returns	Submit original (hardcopy) returns. Do not submit photocopied returns. Return should be single-sided, not two sided. Returns using overlays are considered originals.	Same as Scannable Form 540.
Attaching Federal Forms and California Supporting Forms	Form 540 may require attachments. Federal forms and California supporting forms may be stapled to the back of Side 2 of Form 540. Note: FTB accepts federal Form 1040PC as a federal tax return.	Never attach federal tax return.
Attaching Wage Statements	Staple "state" copy of Forms W-2, W-2G and 1099-R to the front of Side 1 in the area below the words "Step 4, Taxable Income."	Same as Scannable Form 540.
Attaching Check or Money Order	Staple check or money order to the front of Side 1 in the area below the words "Step 3, Exemptions."	Same as Scannable Form 540.
Assembling Return	Staple Side 1 to Side 2 and any attachments in the upper left-hand corner.	Same as Scannable Form 540.
Where to Mail the Return To	REFUND OR NO AMOUNT DUE: IMAGE PROCESSING FRANCHISE TAX BOARD PO BOX 942840 SACRAMENTO CA 94240-0009 AMOUNT YOU OWE: FRANCHISE TAX BOARD PO BOX 942867 SACRAMENTO CA 94267-0001	Same as Scannable Form 540.
